flex

At Flex, we welcome people of all backgrounds. Our employees thrive here by living our values: we support each other as we strive to find a better way, we move fast with discipline and purpose, and we do the right thing always. Through a respectful, inclusive and collaborative culture, a career at Flex offers the opportunity to make a difference, invest in your career growth and join our purpose -- to make great products that create value and improve people's lives.

We are looking for reinforcement for our location in **Küssnacht am Rigi**.

Have you been considering a career change for some time? You work very quality-conscious and bring the necessary experience in the tasks mentioned below. The ability to work in a team is very important to us. Flex culture lives diversity. Will you soon be part of our **Quality Control Technician Team**?

Quality Control Technician 100% - (a) / (4 Shift work)

Here is a glimpse of what you'll do:

- Inspecting the products according to visual aspects
- Perform dimensional measurements using the appropriate measuring equipment (measuring machines/clocks, etc.)
- Recording and evaluating the test results
- Creating the measurement reports
- Active support of the machine operators during self-inspection
- Helping to communicate and maintain quality standards on site
- Create production releases and defect analyses, carry out various product-specific tests and process deviations

Here is some of what you'll need:

- Completed apprenticeship in a preferably technical profession or comparable
- Several years of work experience as quality inspector/or experience in the field of me-dical
- Good technical understanding
- Experience in 3 / 4 shift operation is a prerequisite
- Exact, structured and independent way of working
- High quality awareness
- Experience with GMP documentation (clean document entry)
- Very good written and spoken German
- Team player and high level of initiative
- Quick comprehension and assertiveness
- Good PC skills (Excel / Word)

We offer you:

- Professional and modern working environment
- Detailed induction
- A competitive salary package
- Catering possibility
- E-Loadingstations

Do you feel fit for this role and meet most requirements? Then we would like to get to know you.

We look forward to receiving your electronical application!
