flex

At Flex, we welcome people of all backgrounds. Our employees thrive here by living our values: we support each other as we strive to find a better way. We move fast with discipline and purpose, and we do the right thing always. Through a respectful, inclusive and collaborative culture, a career at Flex offers the opportunity to make a difference, invest in your career growth and join our purpose -- to make great products that create value and improve people's lives.

You like to work independently, are pro-active and accountable. You have already proven your ability to work in a team in an intercultural working environment. You have the technical knowledge as an **Automation Technician (a)** and are looking for this new challenge. This opportunity is for our **site in Küsnacht am Rigi**. Ideally we can welcome you as our new Flex member as per June 1st, 2025.

## Automation Technician 100% (a)

### The following tasks await you:

- Repairs, troubleshooting and maintenance on our GMP-qualified, fully automated production systems (handling, assembly, testing and packaging)
- Troubleshooting and fault rectification in the event of incidents
- Carrying out fault analyses on the systems with regard to functionality and product-influencing factors and implementing the necessary measures
- Reduction of system-related rejects and downtimes
- Supervision of robot systems
- Assisting with the commissioning and qualification of new production systems
- Strict adherence to GMP and cleanroom requirements (behavior, keeping logbooks, hygiene, order, cleanliness, etc.)

### This is what you bring along:

- Technical training as an automation technician / polymechanic / electrician (with federal certificate of competence) or comparable
- Experience in the field of automation, preferably in medical technology
- Knowledge of mechanics and pneumatic
- Analytical thinking, coupled with quick comprehension and precise, independent working methods
- Preferably practical experience in the described field as a service technician
- Ability to work in a team and flexibility
- Good knowledge of written and spoken German, knowledge of English an advantage
- Willingness to work on-call

### Here a few example what we are offering you:

- Professional, cross-cultural and cross-functional modern working environment
- Extensive on-the-job training and continuing education
- A competitive salary package
- Minimum 25 vacation days
- Free parking
- E-Charging stations

Do you see yourself in this role? Then we are interested in getting to know you personally.

**We are looking forward to your electronic application!**
